"The surface is perfect, it allows the game to be played at a much faster pace and you don't get the bounce that comes with grass or a rubber crumb surface, which means it's great for skill. It's a massive boost for hockey in the area."

George Pinner – Team GB/England Hockey Goalkeeper

"Notts Sport's attention to detail and working to the schedule was just phenomenal. It couldn't have gone more smoothly. They really bent over backwards to help us."

Steve Parry - Partnership Development Manager, Hartismere School
